Description

Bold, modern and chic, luxury 44.5m motor yacht Pandion Pearl was built by Sanlorenzo and delivered in 2021. She is a full aluminium fast displacement yacht, with interior design by A.S.H studio and exterior styling by Zuccon International.

Her innovative layout offers exceptional space and privacy previously unseen on a yacht this size. With an ultra-wide beam of 9m, she is the perfect yacht for charter guests, simultaneously offering opulent communal areas for entertaining and relaxation, whilst retaining a vast sense of space across four decks with a particular focus on outdoor living and enjoyment of the ocean. With accommodation for up to nine crew members, guests on board Pandion Pearl can expect world-class service, led by the exceptional Captain Jean-Marc Bitouzet who has worked on board Pandion Pearl from her build, ready to welcome you and your guests for an unbelievable trip with his magnificent crew.

Pandion Pearl accommodates up to 12 guests in five suites including a class leading Master suite spanning over three decks. Designed as a private apartment of 147 square meters and organised on three levels, the master is a truly luxurious and innovative offering never seen before on a superyacht of this size, complete with indoor and outdoor areas and a private pool. A further four cabins are located on the lower deck, including two VIPs with double beds, and two twins with an additional pullman bed in each.

Key Features

1. Brand new Sanlorenzo 44Alloy
2. Exceptional captain & crew
3. Triple-deck Master cabin

On the lower deck, she features a wonderful beach club with comfortable sunbeds, which also serves as the yacht's incredible tender and toy garage. The impressive collection includes two Williams tenders, a jet ski, three Seabobs, a fliteboard, water skis, wake board, kayaks, paddleboards, a swimming pool, inflatable pyramid with slide, a trampoline and three floating pontoons for endless amounts of fun on the water.

Heading up to the main deck cockpit aft, guests will find a lounge area with plenty of seating, leading through to the bright and open main salon which features a well-stocked bar, stylish seating and a satellite TV for entertainment. The galley and first floor of the Master cabin are also accessible from the main deck.

On the upper deck aft, there is a gorgeous alfresco dining and entertaining area with an additional sofa, leading inside to a formal dining area when guests wish to dine indoors. The wheelhouse is located amidship and forward of this, guests will find a well-equipped gym area with free weights and a TECHNOGYM multifunction weight machine, which leads out to the impressive jacuzzi-pool and lounge area.

Last but not least is the sun deck, where guests can enjoy spectacular panoramic views of the ocean and shoreline. There are generous sun pads aft, with a shaded dining and bar area amidship and further sunbeds on the foredeck.

4. Jacuzzi pool
5. Spectacular selection of water toys + 2 tenders
6. Wonderful beach club
