DESCRIPTION

The Sanlorenzo **SD 118 “Together”** is a **brand-new** luxury motor yacht of 35.75 meter, expanding the historic line of **semi-displacement** models by **Sanlorenzo**, yachts that offer **great autonomy** for the most expert lovers of life on the sea.

In a **perfect balance** between **classic, traditional lines** and a **contemporary interpretation**, **SD118 Together** reflects the **constant innovation** and research conducted by **Sanlorenzo** over the years.

The **SD 118** features a **performance-driven hull** and a more contemporary style of external lines penned by **Zuccon International Project**.

Key exterior features include a **forward outdoor living area** organized on **two connected levels**, the **upper deck** and the **forward deck**, with direct access to the owner’s cabin.

DESCRIPTION

A spacious and **extended stern area** can be transformed into a **swim platform** of 19 square meters when the yacht is at anchor thanks to **large lateral hatches** that open to permit diving and sunbathing au bord de l'eau.

The **upper deck** has an **asymmetrical configuration** which guarantees **greater space**, comfort and a **direct view of the sea** from both sides, providing **total indoor-outdoor** connection. The **port side features** a **side deck** that leads seamlessly from stern to bow, along which the bulwark at the position of the living area opens to form a **terrace**, the starboard side is like that of a **wide-body hull**.

DESCRIPTION

With a **sophisticated, elegant, and contemporary interior design** by **Patricia Urquiola**, this **SD 118** features her **inimitable style** balanced between rigor and irony, industrial design and crafts.

Together accommodates up to **10 guests in 5 ensuite cabins**.

A Master cabin on main deck, two double cabins on the lower deck amidship and two convertible twin cabins forward.
